**West Central Indiana MADD Chapter Donates
Two Alco Sensor Field Sobriety Tests
to Court Services/Adult Drug Court**

Dan Towery of the West Central Indiana MADD Chapter presented the Tippecanoe County Court Services and Adult Drug Court programs two Alco Sensor Field Sobriety Tests (FST's) on Friday, July, 28th.

Andrea Moore of Court Services and Lisa Smith of Adult Drug Court submitted a letter to the West Central Indiana MADD Chapter seeking assistance with the purchase. The Chapter graciously donated the units valued at \$436.00 each.

The Alco Sensor FST is a hand-held breath alcohol-testing device designed to read blood/breath alcohol concentrations. The units are necessary for monitoring clients who are suspected of being under the influence of alcohol while at Court Services. In addition, the Adult Drug Court uses the units during random and scheduled home visits.

Dan Towery accepted a certificate of appreciation on behalf of The West Central Indiana MADD chapter from Court Services and the Adult Drug Court program.
